While most vendors are welcome at the Ice House, there are some that hold a special place in our hearts! The selection below is a list of vendors who we have worked closely with over the years and whose work we greatly admire. Please keep in mind that Crushed Ice Catering is the exclusive caterer to the Ice House. If there is a vendor you want to be a part of your big day and they are not listed below, please feel free to consult with your coordinator!
